16T20

15.6" Portable Monitor

Your new work mode: freedom! 16T20 is a 15.6 inch portable monitor with Full HD, IPS Wide viewing angle and USB-C connection. This display features enhanced Full HD 1920 x 1080 resolution. IPS displays deliver 178/178-degree viewing angles while maintaining consistent image quality and colors from all viewing positions.

Features

Productivity anywhere you go
More screen real-estate significantly increases productivity. With your monitor connected to your laptop you can be efficient even outside your home or office – when travelling or, visiting customers.

VESA Wall Mount Compatible
The monitor comes with VESA Mount Compliant feature, allowing you to easily mount the monitor to any wall.

Productivity on the go
Possibilities with the 16T2 are endless. Extend your laptop display on the go or at the home office, use it for presentations, or taking notes during a meeting or lecture. Play videos anywhere, get a digital signature from a client, or boost your smartphone display to play mobile games to a 15.6" size. It's limited only by your imagination.

Portable, elegant solution
The portable monitor looks gorgeous and is durable with its metal alloy case. It is easy to travel with for work or study. It also easily fits in most notebook bags.

Auto-Pivot
Change the orientation of the monitor to automatically align screen content (included AOC i-Menu software needed to activate).

Usb-c connection with laptop or smartphone
Easy connections anywhere you go. With the USB-C ports on two sides of the 16T2, connect a laptop, smartphone or computer in an instant with a single cable. USB-C carries network, data, video signals and power simultaneously with a single cable. No extra clutter. If connected via HDMI, you will need to plug the USB cable to your device to enjoy touch function.

USB-C
One cable is all you need. The USB-C technology carries both the power and the display signal to the screen in one cable. It not only looks ultra-clean and sleek but also greatly improves portability of the monitor.

Business meetings
An AOC portable monitor is the perfect solution for business meetings. You can share with your customers and partners a document, or a presentation, while keeping an eye on all other apps you need for work on your laptop. This helps in delivering tasks with no distractions, for you and your audience.

Business outside home and office
Your office is where you are and moves with you, every day and everywhere. Working with a laptop provides you with mobility but setting up an external monitor is one of the best hacks for improving your productivity. AOC portable solutions help you to connect your laptop through different types of connector systems, so efficiency and flexibility are with you wherever you go. According to the monitor you chose, in fact, you will benefit from the USB-C if you have an AOC I1601FWUX, or the USB 3.0 if you are using the AOC I1659FWUX.

Home use – Multi setup
Portable monitors are also worthy allies in multi-monitor set-ups at home. They are a space-efficient and powerful solution that can be used in your home setup for complete and extensive visualization, but also a solution that can fit everywhere in your house for any need. Thanks to a single USB cable that transfers data to the screen, you can enhance your work efficiency while maintaining a clear and sleek desk for a stylish solution for any workplace or home interior.

Travelling and commuting
If you work on the go, whether you're commuting or often working far from home, you need to boost your productivity in places and situations when a complete desktop setup is just impossible and unlikely to have. With the lightweight and easy-to-handle size of AOC portable monitors, you can always be efficient … anytime, anywhere. Working has never been so easy: when visiting your customers, their ergonomics help you focus on the core of your meetings!

IPS Panel
IPS panel ensures an excellent viewing experience with lifelike yet brilliant and accurate colours. Colours look consistent no matter from which angle you look at the display
