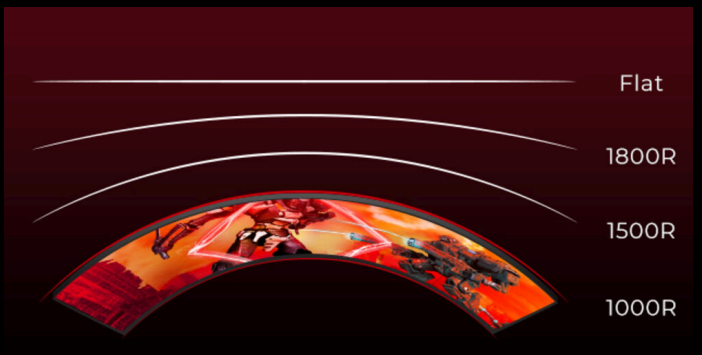
C32G2ZE2

C32G2ZE2 is a 31.5-inch Full HD (1920 x 1080 @ 250Hz) curved gaming monitor with 1500° curvature giving you the most three-dimensional and vivid picture. It has a 250Hz update rate, 0.5ms ultra-fast response time and Adaptive-Sync technology, the most immediate response, and the most enjoyable tear-free smooth experience; it adopts a three-sided ultra-narrow bezel design to give you a wider and more focused field of view. Low input lag ensures flawless play every moment you play. Absolutely immersive and easy to win!

- 1500R Curved
- Become a Gaming-Optimized Weapon for your Team with 250Hz and 0.5ms
- Adaptive sync
- Live the game at its best with HDR10
- Frameless design
- VA Panel
- Low Input Lag
- 6 Games Mode
- Flicker Free
- Connectable with other devices

1500R CURVED

Curved design wraps around you putting you at the center of the action and provides an immersive gaming experience.



BECOME A GAMING-OPTIMIZED WEAPON FOR YOUR TEAM WITH 250HZ AND 0.5MS

With 250Hz monitors being the standard in professional e-sport tournaments and competitions, embrace team solidarity and enjoy an ultra-smooth experience with the incredible responsive of 250Hz and 0.5ms, honing your sharpness and gaming abilities to the next level, especially where optimal team collaboration is required.

ADAPTIVE SYNC

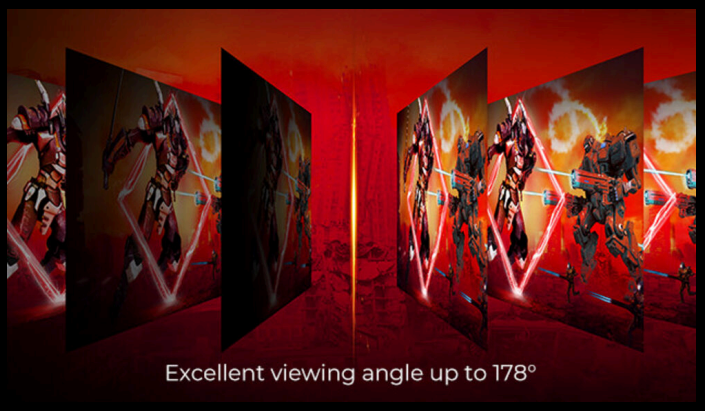
Adaptive Sync aligns your monitor's vertical refresh rate with the frame rate delivered by your GPU, making your gameplay and casual gaming experience even more fluid by eliminating stuttering, tearing and judder. This feature is also useful when enjoying videos and other visual media, for a smoother entertainment.

LIVE THE GAME AT ITS BEST WITH HDR10

HDR10 is here to enhance picture quality even further, improving the synchronization of your GPU or your console with the monitor. This creates a more realistic, immersive, and smooth gaming experience: You'll feel like stepping in the game, frame by frame.

FRAMELESS DESIGN

Besides looking modern and attractive, frameless designs enable seamless multi-monitor setups. Your cursor/windows will not be lost anymore in the dark abyss of bezels, when many displays are placed side by side.

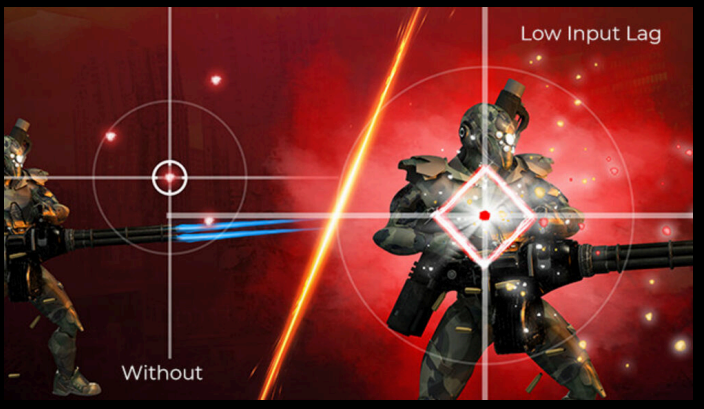


VA PANEL

VA Panels (Vertical Alignment) display deeper blacks and a high contrast for extra vivid and bright images.

LOW INPUT LAG

Unleash your reflexes by switching to the AOC Low Input Lag mode. Forget graphical frills: this mode rewires the monitor in favour of raw response time, giving the ultimate edge in hair trigger stand offs.



6 GAMES MODE

Tailor your display to the game with a click of a button. Switch settings between in-built presets for FPS, racing, or RTS games, or customise your own ideal conditions and save them. The AOC Settings KeyPad makes switching profiles or adjusting features quick and easy.

FLICKER FREE

AOC Flicker-Free Technology utilises a DC (Direct Current) backlight panel, reducing flickering light levels. With eye strain and fatigue absolutely minimized, feel free to enjoy those long, intense gaming sessions in comfort!

CONNECTABLE WITH OTHER DEVICES

This AOC monitor provides convenient connectivity options, with both HDMI and DisplayPort support to suit both professionals and home users. HDMI represents the leading digital video, audio, and data interface for high speed connections between ultra high-definition displays and a wide range of consumer electronics, including providing support for modern gaming consoles and PCs. DisplayPort allows for a range of devices to quickly and easily connect to your screen, delivering higher resolution, faster refresh rate and video transmissions free from input lag.

GENERAL

Model Name	C32G2ZE2
Brand	AOC
Channel	Gaming
Product line	AOC Gaming
Design family	G2

DISPLAY INFORMATION

Screen size (inch)	31,5
Flat / Curved	Curved
