

23.8" IPS Monitor

After the success of previous collaborations, AOC partners with Studio F.A. Porsche once again to present the 24T1Q. With its 3-sided zero edge design and wide IPS panel, the 24T1Q propagates a sense of style without compromising its function. The model is engineered to elevate the user experience bringing crisp, vivid imagery with AOC Super Color and Freesync technology. Its HDMI compatibility unlocks a wider array of connectivity options for users, making it a good companion for officers, gamers and multimedia enthusiasts alike.

Features

IPS Panel

IPS panel ensures an excellent viewing experience with lifelike yet brilliant and accurate colours. Colours look consistent no matter from which angle you look at the display

Frameless design

Besides looking modern and attractive, frameless designs enable seamless multi-monitor setups. Your cursor/windows will not be lost anymore in the dark abyss of bezels, when many displays are placed side by side.

Slim Design

Sometimes, less is more: With its minimalistic, slim profile, this monitor seamlessly blends into your working environment instead of obstructing your vision with a bulky casing. Enjoy more space on your desk, easy transportation and an appealing design with this slick, lightweight display.

Bringing depth to your colors

AOC Super Color technology enlivens the viewing experience with more passionate reds, enchanting greens and soothing blues. With this hardware solution, you can enjoy better color accuracy and true-to-life color reproduction in your photos, videos and more.

Freesync

The AMD FreeSync Technology ensures that the GPU's and monitor's refresh rates are synchronised, which provides a smooth, tear free gaming experience. You will appreciate the low input lag if you're looking for the best quality visuals in fast paced games.

Low Blue Light

AOC Lowblue Light protects you from harmful blue light which, during long sessions, has been shown to cause eye strain, headaches, and sleeping disorders. Our Lowblue Light feature reduces the harmful wavelengths emitted without sacrificing color composition, setting the experience free from the worry of eye damage.

GENERAL	
Model Name	24T1Q
Brand	AOC
Channel	B2C
Product line	Style-line
Design family	T1

DISPLAY INFORMATION	
Screen size (inch)	23,8
Pixel Pitch (mm)	0,2745
