

SEE EVERY MOVE.
FEEL EVERY MOMENT.

POWERED BY
AGP497UCZD

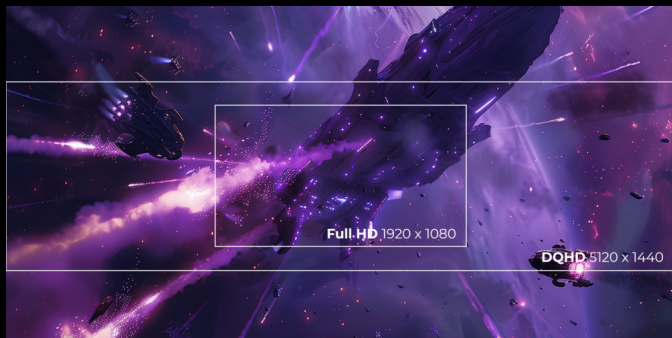

The AGP497UCZD delivers an exceptionally immersive gaming experience through its massive 49-inch Dual QHD 32:9 display and advanced QD-OLED technology. The expansive panoramic format provides a wider field of vision that enhances spatial awareness in sim racing, flight simulation and open-world gaming, while ultra-deep contrast and vibrant colour create more lifelike environments. A lightning-fast 240Hz refresh rate ensures fluid motion and ultra-responsive gameplay during competitive sessions, while HDR TrueBlack 400 adds remarkable shadow detail and visual depth for more atmospheric scenes. Backed by a 3-year warranty, it is built to deliver premium long-term performance for gamers seeking maximum immersion and speed.

THREE-YEAR WARRANTY OLED

Warranty included: 3-Year Warranty (Including coverage for OLED burn-in*) For more information, please refer to Warranty Information page. OLED burn-in* Warranty is covered only when the screen maintenance is performed in accordance with the instructions to be found here.

DUAL QHD (DQHD) RESOLUTION

Dual QHD displays ensure crisp imagery with 5120 pixels horizontally and 1440 pixels vertically – you practically get two 27" QHD monitors in one. DQHD grants you a commanding view over your game and makes for even sharper and more brilliant images. No matter if you use it for work or entertainment, the resolution elevates your experience to a whole new level.

240HZ REFRESH RATE

Whether dodging bullets in an FPS or drifting through tight corners in a racing game, the crispness and responsiveness of your monitor with a 240Hz refresh rate can elevate your gaming experience to new heights. It's not just about gaining a competitive edge — it's about feeling fully immersed in the game world, where every detail is rendered with stunning clarity and every movement feels incredibly lifelike.

VESA CERTIFIED DISPLAYHDR™ TRUE BLACK 400

The DisplayHDR™ True Black 400 brings you deeper, more accurate black levels, making your viewing experience richer and more immersive. No more washed-out dark scenes in movies and games. With TrueBlack 400, you're in for a more realistic visual journey.

ADAPTIVE SYNC

Adaptive Sync aligns your monitor's vertical refresh rate with the frame rate delivered by your GPU, making your gameplay and casual gaming experience even more fluid by eliminating stuttering, tearing and judder. This feature is also useful when enjoying videos and other visual media, for a smoother entertainment.

POWER DELIVERY 90W

Streamline your workspace with the 90W USB-C Power Delivery and docking feature. Charge your laptop, transfer data, and connect peripherals through a single cable, delivering a clutter-free, efficient setup for enhanced productivity.
