POWERED BY
C27G2ZE

AOC's 27" C27G2ZE curved gaming monitor is geared for any e-sports event with its 240Hz refresh rate, 0.5ms response time and FreeSync Premium technology. The screen's deeper-than-average curvature provides panoramic visuals to minimize strain when tracking movement. Its VA Panel provides superior consistency and unrivalled color reproduction with wide viewing angles for a truly immersive experience. Through advanced algorithmic functions, the model's HDR mode can even transform non-HDR content into HDR-like visuals. The display has HDMI and display port compatibility which facilitates a wider array of connectivity options enabling quality audio and video output on numerous devices.

- **1500R Curved**
- **FreeSync Premium**
- **Become a Gaming-Optimized Weapon for your Team with 240Hz and 0.5ms**
- **Frameless design**
- **VA Panel**
- **Low Input Lag**

1500R CURVED

Curved design wraps around you putting you at the center of the action and provides an immersive gaming experience.

Freesync Premium

Enjoy the best quality visuals even in fast paced games. The AMD FreeSync Premium Technology ensures that the GPU's and monitor's refresh rates are synchronised, which provides a fluid, tear free gaming experience at highest performance. The AMD FreeSync Premium features a refresh rate of minimum 120Hz, decreasing blur and sharpening the picture for a more life-like experience. The LFC feature eliminates the risk of stutter in case the frame rate drops below the refresh rate.

BECOME A GAMING-OPTIMIZED WEAPON FOR YOUR TEAM WITH 240HZ AND 0.5MS

With 240Hz monitors being the standard in professional e-sport tournaments and competitions, embrace team solidarity and enjoy an ultra-smooth experience with the incredible responsive of 240Hz and 0.5ms, honing your sharpness and gaming abilities to the next level, especially where optimal team collaboration is required.

FRAMELESS DESIGN

Besides looking modern and attractive, frameless designs enable seamless multi-monitor setups. Your cursor/windows will not be lost anymore in the dark abyss of bezels, when many displays are placed side by side.

VA PANEL

VA Panels (Vertical Alignment) display deeper blacks and a high contrast for extra vivid and bright images.

LOW INPUT LAG

Unleash your reflexes by switching to the AOC Low Input Lag mode. Forget graphical frills: this mode rewires the monitor in favour of raw response time, giving the ultimate edge in hair trigger stand offs.

GENERAL

Model Name	C27G2ZE
Brand	AOC
Channel	Gaming
Product line	AOC Gaming
Design family	G2

DISPLAY INFORMATION

Screen size (inch)	27.0
