

31.5" QHD Curved Monitor

The 31.5" CQ32V1 display is designed to impress at the upper end of the market. Its 1700R curved design is easier on the eyes – by more closely matching the eye's natural curvature, it's easier to track on-screen movement. The display also comes with Quad HD (2560 x 1440) resolution capabilities for more detailed image quality than the norm. Also comes with Low Blue Mode and Flicker Free for eye protection; Clear Vision upscaling technology; Screen+ multitasking software, and more.

Features

1000R Curved

A 1000R radius for gaming monitors is the highest option you can get and comes with several benefits: less eye strain, reduced glare, larger perceived images and higher immersion. Dive deeper into the virtual worlds unfolding around you and enjoy your favourite game with the perfect overview.

VA Panel

VA Panels (Vertical Alignment) display deeper blacks and a high contrast for extra vivid and bright images.

Flicker Free

AOC Flicker-Free Technology utilises a DC (Direct Current) backlight panel, reducing flickering light levels. With eye strain and fatigue absolutely minimized, feel free to enjoy those long, intense gaming sessions in comfort!

QHD Resolution

With 2560 x 1440 resolution, Quad HD (QHD) offers superior picture quality and sharp imagery that reveals the finest details. The widescreen 16:9 aspect ratio provides plenty of space to spread out and work, plus allows you to enjoy games or movies in their original size.

Upscaling content from standard to high definition

The AOC Clear Vision image performance engine upscales Standard-Definition (SD) sources to High-Definition (HD), resulting in sharper, more vivid viewing.

Low Blue Light

AOC Lowblue Light protects you from harmful blue light which, during long sessions, has been shown to cause eye strain, headaches, and sleeping disorders. Our Lowblue Light feature reduces the harmful wavelengths emitted without sacrificing color composition, setting the experience free from the worry of eye damage.

GENERAL	
Model Name	CQ32V1
Brand	AOC
Channel	B2C
Product line	Value-line
Design family	V1

DISPLAY INFORMATION	
Screen size (inch)	31,5
Pixel Pitch (mm)	0,2724
Panel type	VA
Response time GtG	4 ms
Static contrast ratio	3000:1
Dynamic contrast ratio	20M:1
Viewing angle (CR10)	178/178
Display colours	16.7 Million
Brightness in nits	300 cd/m²

CABINET INFORMATION	
Cabinet colour (backside)	Black, Silver
Vesa wallmount	75x75

ERGONOMICS	
Tilt	-3.5 ~ 21.5°

POWER CONSUMPTION	
Power consumption on (typical) in watts	45,0
