I1601P

Ultra-light, portable, one cable solution

The AOC I1601P is the super light 15,6” FHD portable monitor featuring USB-C and optional USB DisplayLink with a smart cover to protect it. This wide vision IPS display weights only 800 grams and sports a sleek, elegant design. Easy access to the OSD via AOC i-Menu, it changes from landscape to portrait mode with the auto-pivot function for maximum convenience.

Features

Portable, elegant solution
The portable monitor looks gorgeous and is durable with its metal alloy case. It is easy to travel with for work or study. It also easily fits in most notebook bags.

Ultra-light aluminum design
Functional connectivity, full productivity, and extreme portability in only 800 grams, with a sleek design and aluminum back. With a light weight and an easy-to-handle size, you can always be efficient… anytime, anywhere, with no side hassles and bothers.

One cable solution USB-C + USB displaylink
More on-screen estate is just a cable away. Thanks to the hybrid connection, you can easily connect your laptop to the portable monitor. Specifically, if your laptop has a USB-C port compatible with DP alt, you may use USB-C. If not, you can connect via USB with the DisplayLink technology in our portable monitor.

Travelling and commuting
If you work on the go, whether you’re commuting or often working far from home, you need to boost your productivity in places and situations when a complete desktop setup is just impossible and unlikely to have. With the lightweight and easy-to-handle size of AOC portable monitors, you can always be efficient … anytime, anywhere. Working has never been so easy: when visiting your customers, their ergonomics help you focus on the core of your meetings!

Business meetings
An AOC portable monitor is the perfect solution for business meetings. You can share with your customers and partners a document, or a presentation, while keeping an eye on all other apps you need for work on your laptop. This helps in delivering tasks with no distractions, for you and your audience.

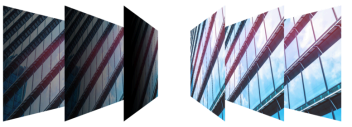

Home use – Solve the “too little space issues”
Sometimes a traditional monitor is not what you’re really looking for, the more so if you live in a small apartment and you can’t have a complete desktop layout. But AOC has the perfect solution, in roughly 16”, that can assure you more screen space and more comfort.

Home use – Multi setup
Portable monitors are also worthy allies in multi-monitor set-ups at home. They are a space-efficient and powerful solution that can be used in your home setup for complete and extensive visualization, but also a solution that can fit everywhere in your house for any need. Thanks to a single USB cable that transfers data to the screen, you can enhance your work efficiency while maintaining a clear and sleek desk for a stylish solution for any workplace or home interior.

Smart cover
The included smart cover protects your display inside or outside your bag against dirt and damage. When the display is in use, the cover acts as a flexible screen holder, in portrait or landscape mode.

IPS Panel
IPS panel ensures an excellent viewing experience with lifelike yet brilliant and accurate colours. Colours look consistent no matter from which angle you look at the display

FHD Resolution
Want to watch a Blu-ray movie in full quality, enjoy games in high resolution or read crisp text in office applications? Thanks to its Full HD resolution of 1920 x 1080 pixels, this monitor lets you do just that. Whatever you are viewing, with Full HD it will be displayed in rich detail without requiring a high-end graphics card or consuming a lot of your system's resources.

Auto-Pivot
Change the orientation of the monitor to automatically align screen content (included AOC i-Menu software needed to activate).
