POWERED BY
Q27G3ZE/75

The perfect companion for conquering the virtual world. Q27G3ZE is a 27-inch screen with QHD resolution (2560 x 1440 px), along with AMD FreeSync Premium technology, brings a smooth experience, eliminating annoying tearing. The super-fast 240Hz refresh rate and 0.5ms response time help you react instantly, capturing every movement in the game accurately. Not only for gamers, Q27G3ZE is also equipped with DisplayHDR 400 technology, Low Input Lag, Fast IPS panel and a flexible adjustable stand. All bring sharp, vivid images, meeting all needs from photo/video editing to watching movies.

- **HDMI**
- **Kensington Lock**
- **Frameless design**
- **Full Ergonomics**
- **Vesa Mount**

DISPLAY PORT

DisplayPort offers ultra-fast digital audio and video transmission without quality loss or input lag. Quickly and easily connect a range of devices to your screen, including your computer, laptop, media player, game console and more. It's perfect for professionals as well as the most demanding home users.

HDMI

HDMI (High-Definition Multimedia Interface) is supported by the current gaming consoles, current GPUs, set-top boxes, supporting the HDCP digital content protection system. HDMI 1.3-1.4b versions support up to 144 Hz refresh rate@1080p and 75 Hz@1440p, while HDMI 2.0-2.0b versions support 240Hz@1080p, 144Hz@1440p and 60 Hz@2160p (4K).

KENSINGTON LOCK

Kensington Lock is an anti-theft system, comprising a metal-reinforced hole in the body of the respective device, to use with a metal cable secured with a key/lock system. Kensington locks enable you to secure your AOC monitor during a LAN event, an organisation, or wherever you carry it.

FRAMELESS DESIGN

Besides looking modern and attractive, frameless designs enable seamless multi-monitor setups. Your cursor/windows will not be lost anymore in the dark abyss of bezels, when many displays are placed side by side.

FULL ERGONOMICS

Feel the comfort! AOC's height, tilt and swivel-adjustable stands help you find the most comfortable and healthy position.

VESA MOUNT

AOC's Ergo Base stands bring versatility, sturdiness and ease of use in one package. But do you still want to use your wall mount or multi-monitor setup using desk mounts? VESA mounts bring you the uppermost flexibility. Upside-down, in pivot mode, on top of each other, attach your monitor wherever you want using 3rd party mounts and stands thanks to the VESA mount option.
